

4.9 RM

XTFlex/STS

Management & Positioning

- Late group IV XtendFlex® release has very good adaptability across mixed to loam soil types
- Excellent tolerance for frogeye leaf spot and resistance for stem canker
- Very good tolerance scores for sudden death syndrome and Phytophthora root rot
- Medium-tall plant height with moderate-bushy canopy type and very good standability for height
- Well adapted throughout the Mid-South and East Coast regions

Agronomic Ratings

Precision Placement™ Management

Row Width		Soils	
Wide	R	Clay & Clay Loams	R
15-20"	HR	Sands & Sandy Loams	R

Agronomic Traits

Plant Height	Med-Tall	Hilium Color	Black
Canopy Type	Mod-Bush	Oil Content	n/a
Flower Color	White	Protein Content	n/a
Pubescence	Light Tawny	Metribuzin Rating	7.0
Pod Color	Brown	Chloride Sensitivity	Includer

Phytophthora Field Tolerance

- Score designates reaction to *Phytophthora sojae* Race 25 for commercial genes Rps1a, Rps1c and Rps1k.
- Score designates reaction to *Phytophthora sojae* Race 30 for commercial gene Rps3a. Score also based upon in-field observations.
- Phytophthora Field Tolerance scores are important for races of Phytophthora not covered by specific genes of resistance.

Phytophthora Gene Resistance

S = Susceptible or no specific gene resistance
 Rps1a = Denotes resistance to Races 1, 2, 10, 11, 13-18, 24, 26, 27, 31, 32 and 36
 Rps1c = Denotes resistance to Races 1-3, 6-11, 13, 15, 17, 21, 23, 24, 26, 28-30, 32, 34, 36, 41, 42 and 44
 Rps1k = Denotes resistance to Races 1-11, 13-15, 17, 18, 21-24, 26, 36, 37 and 42-44
 Rps3a = Denotes resistance to Races 1-5, 8, 9, 11, 13, 14, 16, 18, 23, 25, 28, 29, 31-35, 40 and 43-45
 HRps = Denotes Heterozygous resistance (partial resistance) to the specific gene noted

Disease Tolerance Ratings

Cyst Nematode	MR3,MR14	PRR Resistance	S
SCN Resistance	PI88788	PRR Field Tolerance	7
Sclerotinia W. Mold	n/a	Frogeye Leaf Spot	8
Brown Stem Rot	n/a	Stem Canker	9
Sudden Death	7	Charcoal Rot	n/a
IDC	5	S Root Knot Nematode	2
IDC Recovery	n/a	Cercospora Leaf Blight	7.0
